**NOTICE OF PUBLIC FORUM(S) (Public Participation Hearing)
Liberty Utilities (Park Water) Corp.'s Request to Increase Water Rates
APPLICATION 23-05-004**

How can I participate?

Liberty Utilities (Park Water) Corp. (Liberty Park Water) and the California Public Utilities Commission (CPUC) would like to hear from you. You are invited to participate in a Public Forum, also called a Public Participation Hearing (PPH), about Liberty Park Water's cost of capital application.

This Public Forum is part of a formal proceeding that will be documented and placed into the formal record so the CPUC can make a decision about Liberty Park Water's request. You can make comments and raise concerns to the CPUC Administrative Law Judge overseeing this application.

You can also provide written public comments at any time during the proceeding at apps.cpuc.ca.gov/c/A2305004.

Where and when will these Public Forums be held?

The virtual hearings can be viewed by internet, or listened to by phone, with the information below. If you wish to make a public comment, please participate by phone using the phone number below, press *1, unmute your phone and provide your name when prompted.

Why am I receiving this notice?

On May 1, 2023, Liberty Park Water filed its cost of capital application (A.23-05-004) with the CPUC. The application is requesting a total increase of \$1,240,000.

If the CPUC approves this application, Liberty Park Water will recover forecasted costs in rates over a three-year period beginning July 1, 2024. This will increase your bill.

Why is Liberty Park Water requesting this rate increase?

The CPUC requires Liberty Park Water to file a cost of capital application every three years. The cost of capital determines the amount of money Liberty Park Water is allowed to recover in rates as a return on the funds it has invested in utility infrastructure used in providing water service.

How could this affect my water bill?

If Liberty Park Water's rate request is approved by the CPUC, the average residential bill with a 5/8" x 3/4" meter using 9.21 CCF (CCF is one hundred cubic feet or 748 gallons) per month would increase by approximately \$2.45 or 2.88% per month, from July 1, 2024, through June 30, 2027. The table below excludes applicable taxes and surcharges.

Rate Impact on Average Residential Customer's Bill

	Present Monthly Bill	Proposed Increase	Proposed Monthly Bill	Proposed Increase %
5/8 inch x 3/4 inch meter	\$84.73	\$2.45	\$87.18	2.88%

How does the rest of this process work?

This application has been assigned to a CPUC Administrative Law Judge who will consider proposals and evidence presented during the formal hearing process. The Administrative Law Judge will issue a proposed decision that may adopt Liberty Park Water's application, modify it, or deny it. Any CPUC Commissioner may sponsor an alternate decision with a different outcome. The proposed decision, and any alternate decisions, will be discussed and voted upon by the CPUC Commissioners at a public CPUC Voting Meeting.

Parties to the proceeding will review Liberty Park Water's application, including the Public Advocates Office, which is an independent consumer advocate within the CPUC that represents customers to obtain the lowest possible rate for service consistent with reliable and safe service levels. For more information about the Public Advocates Office, please call 1-415-703-1584, email PublicAdvocatesOffice@cpuc.ca.gov, or visit PublicAdvocates.cpuc.ca.gov.
